[14:48] <forautoa> But Overwatch lootboxes are a great way to do loot boxes, imo. Pure cosmetic, no advantage.

[15:54] <pcgamehunter> There is nothing adult about either not buying something you dont support or buying it for what is and ignoring its flaws, its entirely based on your character ...

[15:54] <provenmac> Ariana Marie

[15:54] <drptolemy> shadow of war was a really good game with the 3 act, they thrown an extra bone with act 4, whats the problem

[15:55] <darthradovanviking> to bad i don't like acidic sarcasm

[15:55] <beatles12335> i know but thats giving the game leeway. it was put in there/ its a bad practice, so it should taint the game imo

[15:55] <bethemadeagle> i didnt buy it

[15:55] <midnight\_strike\_force> Evil Within 2 looks a bit dull to me.

[15:55] <datruuf> DSP really doesn't get "casual" viewers

[15:55] <hitecspecs> Really loved EW 2. I enjoyed the open world elements too.

[15:55] <vashyoyo> all Bethesda marketing sucked

[15:55] <scruffshark> That's just how post game content works then.

[15:55] <drildo\_baggins> boycotting terrible practises is black and white mentality
